

Below are the statements from people who used our travel training service that was funded by the partnership board between October 2009 – March 2010.

A former trainee says:

Russell – “It was good. Gets me out and about and learning new bus routes. Because of this I have got a paid job.”

A parent of a trainee says:

Mrs Patel – “I was initially scared but ‘M’ is now fully confident and so am I. It has helped her to attend volunteering and she is now able to shop on her own. She learnt telephone skills and money skills. She always calls when she completes her journey on the Easy 5 phone Leicester City Council and VALUES provided to let me know she is safe.”
